

| THE POINT |

DOMESTIC DOMINANCE

For years, India's capital markets moved in step with foreign portfolio investors (FPIs). Their flows alone were enough to set the tone. But early 2026 hinted at a quiet shift. Domestic mutual funds, powered by millions of Indians backing their monthly SIPs, have been steadily taking over. Even as global investors pulled back sharply, mutual funds stepped in and kept the market steady

FPIs FADE, MFs STAY

THE AVERAGE OWNERSHIP OF MUTUAL FUNDS IN NIFTY 50 COMPANIES HAS NEARLY DOUBLED TO 13.70% IN FIVE YEARS, WHILE FPI OWNERSHIP HAS MOVED IN THE OPPOSITE DIRECTION. THIS INDICATES A STRUCTURAL SHIFT IN INDIAN MARKETS—AND YOUR MONTHLY SIP IS AT THE CENTRE OF IT
