SUN RISE

Sun Pharma is making its biggest shift yet to become a global, diversified pharma player

Women's health and biosimilars are emerging as key growth pillars for the sector

For its next phase of growth, it is moving beyond US generics to focus on innovative medicine

The acquisition will be largely funded by debt. Plus, Organon has about \$8.5 billion of debt on its books

The Organon buy gives it a foothold in the lucrative Chinese market

The pharma major is planning to deleverage over the medium term
