

A close-up photograph of a golf green. A path made of light-colored, rectangular stone tiles runs diagonally from the bottom left towards the top right. The tiles are separated by dark green grass. A large, dark shadow, likely from a person standing nearby, is cast across the right side of the image, partially covering the grass and the path. The lighting is bright, creating strong contrasts between the light-colored tiles and the dark grass and shadow.

It has sheltered over 70 residential enclaves,
7000 homes and countless dreams,
under its wings.
