

CHHATTISGARH

Every heartbeat of development
dedicated to people's interest

Dr Raman Singh
Chief Minister

Leading Initiative on Energy Conservation

- A power plant of 2x250 MW established after two decades. Projects to generate 20,000 MW by 2011. MOU signed with 34 industries for investing Rs 104,000 crore. SC, ST and poor families to get 8,40,000 free single point connections.
- Leading state in production of bio-diesel. One lakh irrigation pumps energised in three years, equal to the number in preceding 56 years.

PEOPLE-FRIENDLY ADMINISTRATION Two new districts, Narayanpur and Bijapur created in Adivasi region of Bastar. Two development commissionerates have been set up each in Sarguja districts' headquarter at Ambikapur and Bastar district's headquarter at Jagdalpur. Three Development Authorities have been established for the entire tribal dominated areas including Sarguja and Bastar district for speedy solution of problems of local people. Development work worth more than Rs 165 crore to be carried on for creating 49 new tehsils and 650 new patwari circles. During Gram Suraj campaign going on for the last three years continuously by Chief Minister Dr Raman Singh as well as visits by ministers, bureaucrats and government employees to far flung villages of the state have helped to sort out basic problems of the people.

MAXIMUM BENEFIT TO FARMERS Short term loans to farmers at the interest rate of 6 percent minimum in the country. The state leads in buying paddy from farmers at support price. For the first time arrangements made to buy summer paddy also at support

price. New steps being initiated to utilise water collected in dams more efficiently. For the first time summer paddy crop gets water for irrigation.

FOOD SECURITY Fair-price shops' management taken from private hands, and given to cooperative societies, gram panchayats, women self help groups and forest protection committees. Grain banks in inaccessible areas. Food Security Fund established. Under the new "Chief Minister's Foodgrain Security Project" 35 kg of rice to each poor family. This project to cost Rs 150 crore every year and to benefit 12 lakh families. All BPL, Scheduled Castes and Tribal families to get rice for Rs 3 per kg. National Old Age Pension holders and social Security Pension beneficiaries to get 10 kg of rice from the state government.

LEADER IN RURAL DEVELOPMENT The state's performance on many counts is above the average of many other states in the implementation of National Rural Employment Project.

INFRASTRUCTURE DEVELOPMENT State budget for Public Works Department increased to Rs 2,088.23 crore compared to Rs 378.71 crore in 2002-2003. Thousands kilometers of roads constructed. Under the Prime Minister's Rural Roads Project 8,000 km of roads 9,000 bridges and culverts built. Three Development Authorities formed in forest and backward areas. Development works worth Rs 167.52 crore sanctioned. Works pending for years completed.
