

Dr. Anish Naware
Leading Dental Specialist

"For better
cleaning
than this,
you will
have
to visit
my clinic."

"It always amazes me how so many
people cannot brush their teeth in the
proper manner. I'd wonder if a solution
was possible?"

Then I discovered battery-operated
toothbrushes. Their battery-powered
dual heads oscillate with high speed in
opposite directions to give you flawless
brushing. And remove plaque and
particles you may not even see or feel
in your mouth."

Presenting Colgate

Motion, the battery-

operated toothbrush that

*Dual
oscillating
heads*

delivers cleaning like never-before.

With Colgate Motion it is almost

impossible to do it wrong!

Colgate Motion
BATTERY-POWERED TOOTHBRUSH

Only a dentist can clean better
