"STATISTICS IS THE KEY TO ANALYSIS"

P.C. Mahalanobis

Founder of the Indian Statistical Institute in Calcutta, statistician and physicist Prasanta Chandra Mahalanobis made the Planning Commission the "exclusive theatre where economic policy was formulated", says Sunil Khilnani. The second Five Year Plan, with its devotion to industry, was his creation. The thought behind the Plan: "Unemployment is chronic because of the unavailability of capital goods. It occurs only when means of production become idle."

ELSEWHERE...

- Austria's worst avalanche killed 200. Nine hours later a second one killed 115.
- Over 22,000 anti-Communist prisoners were turned over to the UN forces in Korea.
- The US signed a mutual defence pact with Japan, offering them \$100 million in aid within the next three months.

- Egypt and Britain signed a pact on Suez Canal, as the latter agreed to withdraw its 80,000-man force within 20 months.

Wild Thing

Ramu, seven, known as Wolf Boy, gnaws on raw meat shortly after his discovery in Lucknow. He was apparently raised by wolves after disappearing six years earlier. He couldn't speak but made animal noises instead.
