E
R

The fact that "Cosmic Energy" plays a major role in determining our actions and destiny is globally proven. Cosmic Energy can be defined as the output of the composition of five elements: Air, Water, Fire, Metal and Earth. Thus it is capable of evaluating our potentials on Health, Wealth, Career and Relationships and how the individual Auras changes to cause ups and downs of life.

My wife 'Mrs. Indrawati Singh' (Age 53yrs) was a Cancer patient. The doctors were afraid of operating her as she was very weak and weighed only 28 Kgs. I am thankful to 'Dr. Yogesh', with whose "Cosmic Crystal Therapy",

Dr. Yogesh Kumar
(Director, CHF)

my wife received an external energy support and she was able to withstand a serious operation. My wife also recovered quickly through Dr. Yogesh's "Cosmic Healing therapy".

I thank him for being a medium of treatment between my wife and Cosmic Energy.

J.P.N Singh (4/33, Lodhi Colony, New Delhi)

HOW CAN KUBER YANTRA HELP YOU?

Each one of us, wants to be prosperous and lead a happy life. Similarly, all of us want to be successful in whatever work we undertake. So, if you want to be lucky in whatever you do, try the Kuber yantra. This unique element has been developed by Vaastu expert Vimal Jhajharia.

"Kuber yantra is a Vaastu tool which eliminates the negativities in a workplace or in a residence to ensure proper flow of prosperity," says Vimal. Elaborating its functions, he states, "The northern direction signifies the positive flow of magnetic energy for good health and wealth. As per the Hindu mythology, Kuber is the representative of North direction and is also related with prosperity. So if you find yourself

SHRI VIMAL JHAJHARIA

deprived of health and wealth, probably your place of stay or work has a blocked north direction and in such a case Kuber yantra is a perfect solution for you."

This is just a divine gift which Vimal got from his guruji, Swami Muruganand Ji. It is made in solid silver and has to be properly charged (pran pratishtha) before being positioned in the ideal direction.

Says Vimal, "Let me be very clear that one should not expect miracles from this, but, I am confident that you will see positive changes in your surroundings and will see an improvement in your standard of living." Contact for more detail:

Seema Goel

■ Berkowits — Baldness... Hair fall...

have always been a psycho-social problem in both women and men. Balding, or androgenetic alopecia, can create psychological stress. Berkowits always continues to strive and maintain their position as the most respected leader in the segment of hair care industry," remarks a confident Ms. Seema Goel, the Director of Berkowits Clinics. Being the pioneer into hair replacement system, a unique solution for baldness, particularly hair weaving in India, Berkowits specializes in customization of personalized hair unit as per size and gradient of scalp, bald area, texture, color

and density of existing hair and the style of your choice to a perfectly natural, undetectable hair line in both sight and touch. The hair rejoining is taken through three distinct practices viz. Microweaving, Weaving and Bonding. It just takes 60 minutes and is styled as per your choice and merged with the color and texture of your existing hair and you get the restoration of your crowning glory. Why Choose BERKOWITS? And the answer is extraordinary. Berkowits also offer a unique combination of low level laser with acupuncture and ayurveda to provide strength and stimulation to follicles, activation and regeneration of cells to arrest the excess hair loss and enact hair re-growth with proven result.
