

HCL Leaptops™
ensure that you
never lose data.
Or your peace of mind.

Today, crash your Leaptop.™
That too with critical data on it. Then
sit back and relax. Because
our Leaptops™ come with the latest
EC2 technology, which ensures
recovery from a system crash in
less than 60 seconds. And that's
not all. With Voice Enabled features,
Integrated Video Camera and
high-speed Bluetooth Connectivity,
a Leaptop™ is the best partner you
can have. Smart, sleek and
surprisingly dependable.

Since we pioneered computer
technology in India, it's not surprising
to see products like these coming
from our stable. High Performance
Computers, a range of business
servers, PCs that can work on car
batteries and crash-proof Leaptops.™
All stem from more than 30 years
of experience and a clear vision of
the future. And these are backed by
the widest support infrastructure
in India.

So if you want a computing solution
that's hard to beat, you know
where to go.

TECHNOLOGY
that touches lives™
