

GOALS AND OBJECTIVES

- To turn Indian Railways to be the best of the world.
- To provide world class facilities to the travelling passengers at stations and trains.
- To provide safe journey.
- To improve earnings.
- To reduce expenditure.
- To eliminate loss of revenue and
- Welfare of staff

rarest examples of such turn round witnessed not only in India but also anywhere in the world. 'Non-Efficient' Railway has now emerged as 'Most-Efficient' Railway and one of the best in Indian Railways during 2006-2007 under dynamic leadership & guidance of Minister for Railways. To be precise,

N.E. RAILWAY - MARCHES AHEAD IN PASSENGER COMFORT

India and World have witnessed with curiosity the over all 'Turn Round' of Indian Railways since last 2 years under the dynamic, vibrant, committed and able leadership and vision of Shri Lalu Prasadji, Minister for Railways. Hon'ble Prime Minister while delivering Independent Day message from Red Fort has exhorted to make Indian Railways the "Number-One" Railway in the World. The vision and management style of Shri Lalaji is rapidly Marching forward Indian Railways towards this goal. He has shown lot of concern and commitment to provide world-class facilities to the travelling passengers. Therefore, 2006-07 was declared as 'Year of Passenger Amenities' and current year 2007-08 has been declared as 'Cleanliness Year'.

CIRCULATING AREA has been improved by providing proper space for parking to different mode of transport ensuring streamline flow of traffic, green park and fountains, piped music, world standard flood light, different colour lights at arrival & departure roads and proper informative signages. At Major stations, works have been/being completed and remaining stations are being undertaken in phases.

STATION BUILDINGS AND PLATFORMS: Extraordinary work has been done to improve station buildings, platforms, waiting halls,

retiring rooms, sitting & resting arrangement. In fact, improvements have been fashioned in such a way that local culture & heritage have been/being

EXECUTION OF PROJECTS

■ Projects have been completed ahead of the targets. Projects worth Rs 605 Crores have been completed against Rs 475 Crores of last year, an unprecedented growth. Even World Records have been set up in completion of few projects at Chhapra.

■ 110M long Foot over Bridge (FOB) with 95 Tonnes steel fabrication has been completed in record time of 2 months, as against Indian Railways average time of 3 years.

■ Innovative Works- A unique method has been adopted, first time in Indian Railways, at Chhapra to complete 07 works requiring in non-interlock working of 65 days just with traffic block of only 4 hrs.

amalgamated and projected. Ambience of the buildings has been improved to very pleasant, soothing and energizing status. Some of the glimpses of the improvements are: Ramnagar, Haldwani, Gorakhpur, Chhapra

ARRIVAL DEPARTURE TRANSIT LOUNGES: To provide friendly comfort to passengers, AC & Air-cooled "Passenger Arrival & Departure Transit
