

FORE School of Management

Leadership in Business Education

Over the years FORE School of Management has been growing and sustaining its leadership in business education. Addressing to this need of global business FORE has launched the new course in Two Year full time AICTE approved PGDM program in International Business Management. India has become the destination of corporate expansion.

The relevance of IBM become more and more, the response has been tremendous both from the aspiring students and corporate, yet another milestone has been under the evening programs, with an increase in intake in the evening program from 60 to 90.

In recent years six centers of excellence have been created:

- Center for Research
- Center for Management Development Program
- Center for Software and Development
- Center for Psychometric Research Training and Evaluation
- Center for Competency Mapping

• Center for Six Sigma

Each of these centers have contributed significantly by providing consultancy, training and continued action research.

The nerve center of any institution is its faculty and intellectual capital. The faculty at FORE is a right mix of academicians, researchers and those with such corporate experiences. FORE has very strong tie-ups with the industry and have always enjoyed a hundred percent placement figure with good of job profile and package in best of the corporate. New entrants in the year 2007 have been Bank of America, Deloitte, Essar Group, Fidelity Investments, Goodyear, Hewlett Packard, IBM Global, Infosys, JP Morgan, SBI, to name a few

For summer training other than; Asian Paints, SBI, Hero Honda, Reliance Industries, Maruti Udyog, Kotak Mahindra bank, ICICI Bank, Ernst & Young, General Motors, TCS, Standard Chartered Bank, Xerox, KPMG, UB Group, ITC, Philips, DSP Merrill Lynch, ABN Amro Bank, Citibank, Bank of America, Pantaloon Retail, Idea Cellular, our students have gone for training at Unilever in Dubai and USA and Websolutions in NEW YORK, which was a great leap forward

this year.

“ The nerve center of any institution is its faculty and intellectual capital. The faculty at FORE is a right mix of academicians, researchers and those with corporate experience.”

Dr. Seema Sanghi, Director

Yardstick of any institution is the performance of our alumni, which is confirmed by the corporates coming to the campus year after year.

FOSTIIMA

The Business School set up by IIM-A Alumni

It is not just another Business School coming up in Delhi. It has been set up by seven top-level practising corporate managers and successful entrepreneurs and all Alumni of the country's foremost business school – the Indian Institute of Management, Ahmedabad. Mr. Kamal Sharma, Executive Director, FOSTIIMA says, “Besides running its own PGDBA program FOSTIIMA is also an off-campus centre for a NAAC 'A+' level university which has over 25 years of standing. After

“ We, the IIM, Ahmedabad '73 guys, wanted to replicate the Ahmedabad academic experience right here in Delhi - the rigorous training that set us firmly on the road to success nearly 30 years ago! We wanted to shape-up the bright young of today to be cutting edge managers of tomorrow ”

Anil Somani, Executive Chairman, FOSTIIMA

appearing for the university exam, every student shall get a university given MBA degree recognised all over the world”. He adds, “Another affiliation for an off-campus centre of a 150 year old world-famed university is also under finalization”.

The group is led by Mr. Jaithirth (Jerry) Rao, ex-head of

Citibank, India, winner of the Ernst & Young Entrepreneur of the Year Award 2004 and Chairman, Mphasis (an I.T. Solutions and BPO Company).

FBS has strong links with leading corporate entities through Alumni networking and PAN IIM/IIT network is its core strength. Global PAN IIT and IIM network is providing inputs for not only the selection of a distinguished and experienced faculty from around the world, but also for developing the course materials that are relevant to the industry today as also to meet future emerging challenges. The network will also facilitate bringing in a galaxy of visiting professors and guest speakers, from both India and abroad, who will enrich the students with their practical experiences. For placements this Global PAN IIT and IIM network will prove highly beneficial.

FBS offers Post Graduate and Undergraduate courses that are very relevant today – in sunrise sectors like Retail, Banking, Insurance, Tourism etc. Initially, great stress is laid on improving and perfecting communication and overall personality development through exposure to cosmopolitan culture. A Certified Course in Mathematical Finance is also offered to facilitate immediate employment in Banks and Insurance companies.

FOSTIIMA has ambitious expansion plans. Starting from the City-centre Campus in South Extension Part I in New Delhi, FOSTIIMA plans to construct a new campus in a greenfield site in Delhi/NCR, followed by satellite campuses in Pune, Bangalore, Bhubaneswar and Dubai.
