

EAST: Four Stalled

The four eastern states need to pull up their socks. Orissa has overtaken communist West Bengal in investment, but even in agriculture, West Bengal's performance barely matches the average national index. Law and order in the East is not half as good as that in the rest of the country. While Jharkhand is the least healthy state in the region, Chhattisgarh has topped in terms of investment.

EASTERN STATES

	Overall Rank	Agriculture	Consumer Market	Primary Education	Law & Order	Primary Health	Infrastructure	Investment	Budget & Prosperity
WEST BENGAL	1	1	1	1	3	1	2	4	2
CHHATTISGARH	2	3	3	2	1	3	1	1	1
ORISSA	3	2	4	3	2	2	3	3	4
JHARKHAND	4	4	2	4	4	4	4	2	3

Figures are ranks only among the four eastern states. The big states are in bold.

Graphic by RAM

Southern SURGE

The southern states are way ahead of the others. The North rides high on consumption and the West cashes in on investment, while the North-East is in a state of flux.

WEST: Investing in Growth

Goa, the healthiest state in the region, tops in the overall ranking. While Gujarat tops on the agricultural front, it is far behind neighbouring Maharashtra in primary education. Rajasthan suffers from a low consumer index. Infrastructural development has been uniform, but the law and order situation is hardly satisfactory except in Gujarat.

WESTERN STATES

	Overall Rank	Agriculture	Consumer Market	Primary Education	Law & Order	Primary Health	Infrastructure	Investment	Budget & Prosperity
GOA	1	2	1	1	5	1	1	2	1
DAMAN & DIU	2	6	2	3	6	2	2	5	3
GUJARAT	3	1	5	5	2	4	4	3	2
MAHARASHTRA	4	3	4	2	4	3	3	4	4
DADRA & NAGAR	5	7	3	4	7	5	5	1	6
RAJASTHAN	6	5	6	7	3	6	7	6	5
MADHYA PRADESH	7	4	7	6	1	7	6	7	7

Figures are ranks only among the western states and union territories. The big states are in bold.

Figures on the map are overall ranks of states within their region
