The institute has a uniquely improvised system of functioning. Its evaluation process is very well structured, wherein each student is evaluated on multi-facets and motivated to add to their grade points at every step. Apart from evaluation, extensive student interaction, colloquiums, seminars, projects and conferences are the order of the day. Life at SRMCCEM is a mingled yarn. There is a variety of academic and non academic pursuits, which create a texture of professionalism for the students. The college works purely for the industry to understand the expectations of the corporate world, and therefore, fine tunes its strategy and educational programs accordingly.

In its 9 years of existence, the college has really become one of the most sought after destinations for those seeking education in engineering and management. In the last three years alone, many students of the college have secured merit positions. Two of its students have secured first and second places for B.Tech First and Second year respectively along with merit positions in B. Tech final year & MCA etc. in the U.P. Technical University exams.

The College has a dynamic placement cell with a proud record of 100% placement. Recently TCS examined overall functioning of the college through the placement angle and found it

worthy of its accreditation. The placement cell maintains close contacts with the leading industry names. Not only this, it also organizes seminars to expose students with the valuable talks of top corporate delegates. Among the companies where SRMCCEM students have been placed include: TCS, IBM, Infosys, Wipro, Stayam, Iflex, L&T Infotech, Birlasoft, Tata Chemicals, Convergys, Igate etc.
