

Driven by its commitment to provide quality technical education, Ajay Kumar Garg Engineering College has become the best Engineering institution in Uttar Pradesh

students. The hostels have a library, TV room, canteen, Internet café, general store, well equipped gymnasium, music and martial art clubs with professional coaches.

**Faculty:** Intellectual property, which is reflected by the caliber of faculty, is a strong point for AKGEC. The present faculty strength is about 140, of which most senior faculty members are former professors or alumni of IITs. The Director, Dr R.K. Agarwal is a B.Tech from IIT, Kanpur, MS from C.I.T., Cranfield, U.K. and Ph.D from IISc, Bangalore. With such a strong intellectual capital, the college fosters and encourages a teaching methodology that has both a theoretical and practical approach. The Chairman, Shri Ashok Pal, himself an engineer and eminent educationist, says, "The college milieu encourages every student to develop respect for established norms and values and at the same time understand the importance of technical knowledge in human development."

**Placements:** There is continuous college-industry interface. Special efforts are made to groom the students to meet the standards of the industry, both in technical knowledge and soft skills. Interactive seminars on emerging technologies and personality development programmes are arranged to provide wide ranging exposure to students. The college is part of the Campus Connect program with Infosys for training students in accordance with the needs of the Industry. The college also conducts specialized courses for CAD packages like Pro-E.

During the current academic year, over 500 students of the college have already been placed in reputed organizations like Infosys, Perot Systems, HCL Technologies, L&T, L&T Infotech, Hyundai, Satyam Computer, SYNTEL, Wipro Technologies, I Flex Solutions, Mahindra and Mahindra, Jakson Engineers Ltd., NTPC, IBM, Indian Air Force and the Indian Army.

Managed by a team of technocrats and management experts, AKGEC aims to produce sound technical professionals with a temperament of strong logic and good values.

Dr R.K. Agarwal, Director

Excerpts from an interview with the Director

**Q. What are the key strengths of AKGEC?**

**A.** The main ingredients for quality education are competent faculty, proper infrastructure, committed staff and an inspiring leadership for effective, efficient and synergistic use of these resources. AKGEC is a confluence of all these factors. Also, our innovative approach to academics and our intellectual property are our key strengths.

**Q. Having reached the top in results, what are your plans now?**

**A.** There is no limit to excellence. We believe in setting audacious goals and infusing fresh ideas to achieve them. Our objective is to raise the overall academic standard as well as to bridge the gap between academic curriculum and industry requirements. We have initiated various collaborative programs with industries like Infosys and CSC to improve employability of our students.

**Q. What is the measure of AKGEC's credibility?**

**A.** Consistently excellent results and ever improving placements are the true evidence of our success. Past admission trends, with general category seats of our college in all branches getting filled on the first day of UPTU counseling, indicate the perception and preference of students for our college.
