

BIT

International Standing of the Highest Calibre

BHARAT INSTITUTE OF TECHNOLOGY TRACES ITS ROOTS TO SPACE AGE Research and Technology Foundation Charitable Trust, established in the year 2000. It is an institute which is committed in to academic excellence and is just 8 Km away from Meerut city. It is situated on the Meerut – Delhi bypass road. The institute is approved by ALL INDIA COUNCIL TECHNICAL EDUCATION, accredited by NATIONAL BOARD OF ACCREDITATION and affiliated to Uttar Pradesh Technical University Lucknow. At BIT, values of hard work, community contribution and personal responsibility are part of our tradition. It is a unique institute for teacher and student who share a passion for academic excellence, outdoor adventure and personal challenge.

Our Mission: Our Mission is to prepare student of all background for leadership roles, primarily as engineers and management professional in a changing industrial society. This Mission is accomplished by promoting excellence in instruction, research, public service, and practice; to develop high quality technical personnel with a sound footing on basic engineering principles, technical skills, innovative research capabilities, and exemplary professional conduct to lead and to use technology for the progress of mankind, adapting themselves to changing technological environment with the highest

ethical values as inner strength.

Our Vision: Our vision is to achieve international standing of the highest caliber. This is an ambitious objective, but it is realistic. Our institute is ranked 17th in UPTU merit list.

Infrastructure: Our academic programs are rigorous and demanding. To assist student in their endeavor, our institute has set up modern state-of-the-art facilities such as workshop, laboratories, computer center, library and E-library, internet access, wi-fi network, Xerox facilities, on – line printer facility and book-bank facility.

Hostel Accommodation: We also offer separate hostel facilities for boy & girls. The hostel are equipped with 24 hours electricity/ water supply, necessary furniture, telephone, water coolers, refrigerators, recreational facilities like TV and indoor games such as table tennis, chess, carom-board etc. The hostel also houses state-of-the-art gymnasium for the fitness of the students and faculty members.

Corporate Visitors: In a global economy, where international borders become increasingly blurred, engineers and management graduates compete for jobs and projects all over the world. Bharat Institute of Technology is proud of its alumni employed with MNC's like US-Technology, HCL Comnet, infosys, Wipro, Technologies, Motorola, and several others have recruited our students on and off campus.

PEARL SCHOOL OF BUSINESS

Management Education with a Difference

PEARL SCHOOL OF BUSINESS (PSB) IS ALL SET TO LAUNCH its Management programmes that focus on Entrepreneurship from its premises in Gurgaon. In a short span of a year, PSB has successfully tied up with three strategic partners to bring the best of East and West to the students in India who aspire to be global business leaders.

Babson College, US – rated consistently as the best school for Entrepreneurship Education in US and Europe – is providing academic collaboration to create an Entrepreneurial MBA programme. Babson is known for its innovative curriculum and delivery processes.

Nottingham Trent University, UK, known for its high employability of graduates, has validated the MBA(Management & Entrepreneurship) programme at PSB. NTU has very robust systems for Academic Standards and Quality, which will help PSB provide a consistently high level of learning experience to the students.

Asian Institute of Technology, Thailand is an international institution providing an innovative Doctor of Business Administration programme. It will run its DBA programme in India through PSB and will thus provide an opportunity to

In a short span of a year, PSB has successfully tied up with three strategic partners to bring the best of East and West to the students in India who aspire to be global business leaders

experienced managers to build conceptual frameworks from their significant management practices.

All the three institutions will facilitate student visits and faculty participation in PSB programmes. This will give the programmes the much needed global dimension. In addition, PSB has already succeeded in securing International Internships for its students from companies based in US, UK, Germany, China and Indonesia.

The faculty at PSB comprises professors who have taught at the IIM's for considerable length of time and senior managers

and entrepreneurs with long experience in industry. Together they would help students to unlock their creativity and work in a disciplined way to recognize, shape and utilize business opportunities.

PSB is promoted by Little People Education Society, which has created a successful model of international collaboration in professional education in the form of Pearl Academy of Fashion. PAF, Delhi is one of the top institutions in the field of Fashion Education with branches in Jaipur and Chennai.
