

HIERANK BUSINESS SCHOOL

Learn From the Real Guru

RAJESH SAHAY
Chairman, HBS

THE CREDIBILITY OF ANY EDUCATION system depends on factors like highly qualified and dedicated faculty members, innovative pedagogy and infrastructure at par with global standards. Prof. Rajesh Sahay, Chairman, Hierank

Business School, NOIDA (Former GM (ops) Techno Campus & Director Armit) says, "At HBS we follow the same and try to maintain the true spirit of Indian Education System followed by Indian temples of learning IITs & IIMs." Further he adds, "We organize IIT and IIM alumni lecture series through Knowledge Exchange Center which works round the clock to facilitate industry interaction and placement of the students."

We follow the true spirit of "Learn from the real Guru" because of our highly qualified IIT, IIM, M.tech, MBA, Phd faculty members, added Mr. Sahay. Their primary aim also remains to motivate their students to be a Highranker in their life. Learning through practice and teaching beyond syllabus is the success

"At HBS we try to maintain the true spirit of Indian Education System followed by Indian temples of learning IITs and IIMs."

mantra of the Institute.

Hierank Business School, Noida, in association with Retailers Association of India, (Mumbai) offers Retail Management program (PGDRM). This programme is accredited by Governing body of Retailers RAI (Mumbai), whose members include top retailers like Pantaloon, Reliance Retail, Spencer of RPG group, Shoppers Stop, Trent to name a few, has selected HBS as one of the academic partner in India. HBS assures 100% training and placement by Retailers Association of India. It also offers under graduate programs BBA, BCA and B.Sc. (Biotechnology) which is affiliated to Chaudhary Charan Singh University, Meerut. As a

value addition to university curriculum we also offer CAT/MAT/XAT/MCA entrance preparation, behavioral science and live projects/case studies to all our students.

Under the Mentor-Mentee programme, a faculty member is assigned to group of students to discuss them with various problems and needs. The institution claims to be confident in successfully inculcating true professionalism and indispensable human values among the students, to help them reach a pinnacle of success. IILM COLLEGE, GURGAON

Foster Education to the World Youth

KNOWLEDGE IS A UNIVERSAL REALM, THE QUEST FOR IT IS BECOMING increasingly global. Studying abroad provides immense learning experiences. It is an opportunity to study the latest curriculum for better career prospects, an opportunity to study at the world renowned universities, an opportunity to work on latest research projects, an opportunity to be exposed to different environment and cultures and also an opportunity to confidently pursue global careers.

An International degree today would definitely give one an edge in the international job market. It is to meet this need that IILM, has now set up the International Office to ensure our global presence in the field of education and to encourage students broaden their horizons and earn credits towards their degrees with the world's best study abroad programs.

IILM's Undergraduate Programs are offered in Business Studies in collaboration with

- University of Bradford, UK
 - Royal Holloway College - University of London, UK
 - Leeds University Business School, UK
- The Engineering courses are in collaboration with
- Michigan Technological University, USA

Under these programs the students would do the foundation year(s) at IILM College and complete the degree either at IILM or at partner institutions or transfer credits to other universities

world wide. More such collaborative programs will be offered with Universities from other countries in the near future. IILM also has collaborations with other US and European Universities for student and faculty exchange, summer school and study tours.

IILM's purpose is to foster education to the world's youth. To serve as a medium for awareness, bridging the precincts of cultural misconception and instilling in our audience a sensitive admiration and understanding of the world in which we live.
