

RAHUL

FORMER 'DJ on wheels'. Famous for blasting loud music.
TODAY, a 'Software Developer' whose remix portal rocks.

Change
the way the
world
sees you

With GNIIT, you get admired for all the right reasons. 27,000 GNIIT-ians placed in major IT companies in the last 2 years would endorse that. Especially those in 17 of the top 20 companies. With over 8,50,000* emerging IT jobs over the next three years, GNIIT gives you the chance to change the way the world sees you.

Industry-endorsed, Multi-track

GNIIT: Curriculum that matches industry's current and emerging skill requirements has been created in partnership with academia and IT majors like Intel, Microsoft, Oracle and Sun Microsystems.

Global Technology Certifications: For the best career opportunities globally.

Professional Practice™: One year of

work experience at leading IT organizations.

Merit Scholarship: Scholarships will be awarded to deserving candidates on the basis of their Class 12 results.**

If you have completed Class 12 or are attending college, get the GNIIT advantage.
