**EXCELLENT
RETURNS**

Alchemy biotech gives you a sure shot lifeline to becoming the next Crorepathi. An irresistible business opportunity in the paint industry with low investment and magnificent returns

Here is a realistic chance to make those millions that you always dreamt of. In today's world where becoming a millionaire overnight is about luck or fate, this deal is merely about grabbing a spectacular business opportunity!

As the building, construction and real estate industry of the country reaches a high of Rs 15,00,000 crores per annum, the coating industry in tandem is worth about Rs 10,000 crores, with a fantastic growth rate of 20% every year. This is where Alchemy brings in its ambitious vision. It gives you the chance to be a part of this success story. A glorious chance to start your own Synthetic Plaster / Speciality Paints Manufacturing Unit and be on the winning side.

MAKERS OF LEADERS – ALCHEMY BIOTECH

THE STRENGTH

Alchemy Biotech initiated the use of biotechnology in the field of paints and coatings in India. Founders of the Sterling Group, a leading manufacturer of textured coatings and the creator of JAPPC - the revolutionary powder paint concentrate. Alchemy is committed to quality and ethics. Alchemy is part of the 20 year old Rs. 1,500 million Sterling group, a pioneer in the field of textured coatings.

THE OPPORTUNITY

Today Alchemy has recognized that customers demand local availability of products, quality, innovative range and above all personalized attention and the pride of interacting with the manufacturer himself.

Alchemy has conceived a future, far more ambitious and rewarding than the present. With a strategic agenda of tapping the widely unorganized paint and coatings market, it has launched Alchemy Licensed Manufacturing Units for producing Synthetic Plaster / Speciality Paints worldwide.

THE STRATEGY

As a licensed manufacturing unit you will be given time - tested successful formulations, the best of raw materials, machinery, production training, simplified manufacturing

process, application training and the management tools to be a successful manufacturer of coatings and paint products in India. What's more, the reputation, rich history and heritage of Alchemy are all yours when you put up your own Licensed Manufacturing Unit. And it's a Win-Win situation.

EARN RS 2-3 MILLION PERANNUM*

At an Alchemy Licensed Manufacturing unit even if you produce for merely 10 days and market it for 20 days only, you will still make great returns. In fact each manufacturing unit with the right product mix can produce products worth Rs 30 – 50 lakhs per month.

BE YOUR OWN BOSS

Your business arrangement with Alchemy Biotech Private Limited grants you the right to own and run a Sterling License Manufacturing unit. Based on its proven product strengths, technology and expertise, it will provide support for setting up the production facility and creating your own brand by providing production training and simplified manufacturing process with low investment.

You will enjoy the purchasing power of a large manufacturer, with minimum investment in critical raw material, technology and packing materials. In other words you will be the boss while operating under the security of an established player. Better pricing, better products and better quality – makes this an assured success formula.
