PICK THE BEST

ankur®
LIGHTING

■ Ankur Lighting

Today, we command leadership amongst speciality items like CFL's, Tracks and a few others which have by far and large has an enormous acceptability in the country that further enstrengthened by our dynamic & prompt network. We have a continual process of upgrading our products thru rigorous R&D Development that we do In-House. Running on our toes to better lighting solution for every need. Needless to say, we customize lighting according to the customer's requirements, all these are just enough to keep ourselves busy signifying leadership in our line that keep us miles ahead of our competitors. From the designing of the product going on with its implementation then is so brilliant at our state-of-the-art factory premise. After all, its little wonder in just about a decade we have come a long way in bringing quality lighting solution at your fingertips.

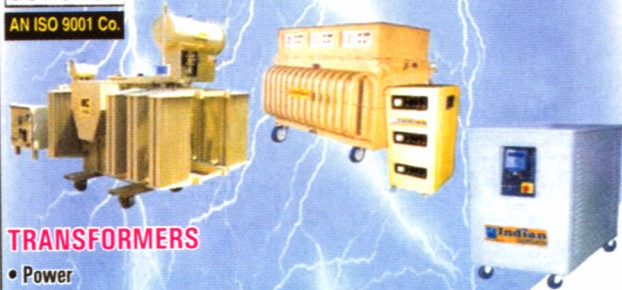

■ Petropol India Ltd.
