governance matter in the competition for investment, and how Gujarat sees its role in the Viksit Bharat@2047 journey. Edited excerpts:

Q: *Business Today's* research has ranked Gujarat as India's top manufacturing state. What are the policy decisions that helped the state achieve leadership?

A: Gujarat's leadership in manufacturing is the outcome of a consistent, policy-driven approach pursued over more than two decades. Building on the strong foundation laid by Prime Minister Shri Narendra Modi,

"Gujarat's leadership in manufacturing is the outcome of a consistent, policy-driven approach pursued over more than two decade. We have continued to strengthen Gujarat's manufacturing ecosystem"
