ROAD TO INFRA BOOM

Good quality infrastructure is a precondition for investments. Capex is not just a priority of the Centre. States like UP, Bihar, and Assam are taking it forward

▶ **INDIAN STATES HAVE** come a long way from potholed roads and intermittent power supply as they focus on creating world-class infrastructure to improve lives of citizens and attract investments.

While the Centre's focus on capital expenditure to sustain growth is well documented, states have been equally busy building expressways and airports, ensuring 24x7 electricity supply, implementing renewable energy projects, connecting
