Adi Kailash: A Destination of Faith

Adi Kailash Has Emerged as a Center of Faith and Adventure Following the Prime Minister's Visit

In the year 2023, Prime Minister Narendra Modi visited the Adi Kailash region and offered prayers at this sacred site. Adi Kailash is often referred to as the 'sacred twin of Kailash Mansarovar'. The serene Parvati Kund, situated at its base, holds immense spiritual significance in Hindu beliefs. These high-altitude destinations are now becoming centers of attraction not just for devotees, but also

for adventure enthusiasts and nature lovers. Adi Kailash and Parvati Kund are emerging as symbols of sustainable tourism, where culture and environmental balance advance hand in hand. Improved road connectivity and the growing homestay model in villages like Gunji, Nabi, and Kuti have opened up this region to a much wider audience. In view of the rising interest, the Uttarakhand

Tourism Development Board is working to develop this region not merely as a center of faith, but as a vibrant hub for wellness, adventure, and immersive cultural experiences. Today, Uttarakhand stands at a threshold where faith, adventure, nature, and modern connectivity are together laying the foundation for a new era of tourism.
