

Super Achievers

JYOTI DESHPANDE

PRESIDENT (MEDIA & CONTENT BUSINESS), RELIANCE INDUSTRIES

There's nothing that describes a business better than numbers. Entertainment is no exception. In 2024, Jio Studios delivered a net box-office collection of over Rs 1,000 crore. Importantly, that accounted for over 40% of India's total collection in what has been a difficult phase for the industry. That places Jyoti Deshpande in a very strong position, with *Stree 2*, *Laapataa Ladies*, *Article 370*, and *Shaitaan* making it really big. This year started off well with *Sky Force* and will end with *Dhurandhar*, starring Ranveer Singh and Sanjay Dutt. There are some big releases lined up for next year as well.

JYOTSNA & DEEKSHA SURI

CHAIRPERSON & MANAGING DIRECTOR, AND EXECUTIVE DIRECTOR, THE LALIT SURI HOSPITALITY GROUP

The Indian hospitality industry is poised for sustained growth, and Bharat Hotels Limited—under the leadership of its CMD, Jyotsna Suri—is confident of achieving consistent revenue growth. The company's steady consolidated revenue growth in FY25 was driven by higher occupancy, improved room rates, and stronger food and beverage sales.

Her youngest daughter, Deeksha, has been effectively charting plans for organisational development and initiatives taken for employee relations. Her strategy is focused on internal resources and customer satisfaction.

KAKU NAKHATE

PRESIDENT & COUNTRY HEAD, BANK OF AMERICA INDIA

Kaku Nakhate oversees Bank of America's India operations, including global banking, markets, and corporate functions. With extensive experience in financial services through prior roles at JP Morgan and UBS, she has guided the bank's expansion in investment banking, risk management, and global capability centres. Under her leadership, India has become a strategic base for several of the bank's global operations. She represents BofA on major industry bodies and focuses on strengthening institutional relationships, governance frameworks, and cross-border advisory capabilities.
