

LEENA NAIR

GLOBAL CEO, CHANEL

In January 2022, Leena Nair took over as Chanel's Global CEO, after a three-decade innings at FMCG major Unilever. That job took her across countries. A gold medallist from XLRI Jamshedpur, Nair is based out of London. Running a luxury brand has its own challenges. She is the first person of Indian origin and first woman to hold the top position at Chanel. Nair, who spent the good part of her early life in Kolhapur, is known to be an advocate for human-centred workplaces.
