

Super Achievers

MALLIKA SRINIVASAN & LAKSHMI VENU

CMD, & VICE-CHAIRMAN, TAFE

Mallika Srinivasan, the Chairman and MD of India's second-largest tractor maker, Tractors and Farm Equipment Ltd (TAFE), has led one of the country's storied business groups from the front. The biggest testament of her leadership chops was the way she took on US agriculture machinery giant

AGCO Corporation over the ownership of the Massey Ferguson brand in India and won. Her daughter, Lakshmi Venu, is following in her mother's footsteps. Venu was appointed Vice Chairman of TAFE in March. Venu is also the MD of auto component maker Sundaram-Clayton, a TVS Group company.

MALAVIKA HEGDE

CHAIRPERSON,
COFFEE DAY ENTERPRISES

It is near impossible to know in advance when a problem may crop up. Few know that better than Malavika Hegde, who had to deal with the sudden passing of her husband, V.G. Siddhartha, in 2019. Café Coffee Day, the company he started, was sitting on a mountain of debt and stared at a bleak future. But Hegde stepped in, and has focused on reducing the debt of ₹7,000 crore by selling non-core assets, shutting down underperforming stores. That effort is beginning to pay off. Her top priority now is to get the business back on track.

MONIKA SHERGILL

VICE PRESIDENT (CONTENT), NETFLIX INDIA

For Monika Shergill, deciding on content for an OTT platform as big as Netflix in a market like India, calls for a very distinct line of thinking. There are movies, web series, documentaries across languages, but nothing more important than understanding what the audience wants. Top that up with a price-conscious Indian market and the job suddenly looks a lot tougher. Over time, Shergill, who has worked with Star, Sony and Viacom18, has earned her stripes as one of the most respected professionals in the OTT space.
