

SHAMIKA RAVI

MEMBER, EAC TO PM

Economist Shamika Ravi is a member of the Economic Advisory Council to the Prime Minister, where she not only advises government on policy measures but has also been undertaking crucial research on economy and the impact of economic policies. Her focus areas are economics of development, including areas of finance, healthcare, urbanisation, gender equality, and welfare and poverty. Her recent research work such as Time Spent on Employment Related Activities in India and Changes in Durable Goods Ownership in India have shown ground level realities and how policies have helped shape lives of Indians.

N. KALAISELVI

DIRECTOR GENERAL, CSIR AND SECRETARY, DSIR

N. Kalaiselvi is the first woman to head the Council of Scientific and Industrial Research (CSIR)—India's largest network of national laboratories. An electrochemist by training, she spent most of her career at the Central Electrochemical Research Institute, where she worked extensively on lithium-ion, sodium-ion, and metal-air battery systems. At CSIR, she oversees research across sectors. Her current priorities include strengthening technology translation, expanding industry partnerships and building research capabilities in next-generation energy storage. She also focuses on creating structured pathways for young scientists to participate in long-term applied research.

ASHWINI BHIDE

PRINCIPAL SECRETARY, CM OF MAHARASHTRA

Ashwini Bhide, an IAS officer from Maharashtra, has spearheaded some of the biggest infrastructure projects, including the development of the Mumbai Metro 3 (Aqua line)—the city's first fully underground Metro corridor. The entire 33.5-km stretch opened in October 2025. Known for her organisational skills and technical acumen, she, as the Managing Director of Mumbai Metro Rail Corporation Ltd., is leading the expansion of the metro project in the city with connectivity to the Mumbai-Ahmedabad bullet train station in Mumbai.
