

To
**Empowering a billion
digital dreams**

From
**Powering India's
first data center**

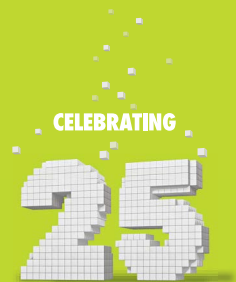

In 2000, Sify launched India's first commercial Data Center, laying the nation's digital foundation. Today, we've built India's first NVIDIA DGX-ready, liquid-cooled AI Data Center Campuses.

As India enters the AI era, we're building a secure, sustainable, unified digital ecosystem that empowers enterprises to innovate, accelerate, and scale.

**Trusted by India's Top 10 Banks, Top 4 Manufacturers, 4 Hyperscalers,
Global Social Media & OTT Leaders, and 600+ Enterprises.**
