The new logo will be used across group entities, albeit with some changes in colour in some cases.

Amid all this, Torrent Power stands out. Prod Mehta on what makes it different and pat comes the reply: “There must be over 50 active players in the power sector and that includes those who are largely focused on renewables or transmission or thermal. But there are only three or four with deep capabilities in many parts of the value chain.”

Torrent Power has built a pan-India footprint after an ambitious expansion entailing big money. “Total capital outlay over the next six to seven years is likely to be around ₹1 lakh crore, of which ₹60,000 crore is already in projects on hand and under execution,” says Mehta.
