VERY ORGANISATION GOES through a journey when numbers stop being figures on a balance sheet and start telling a story. For Bharat Electronics Ltd (BEL), that moment is now.

Over the last few years, the Bengaluru-headquartered defence electronics major has moved from being a robust, steady PSU to one of the most aggressively managed and closely watched companies in India's strategic sector.

What changed is not just policy tailwinds; it is leadership and its committed employees. Manoj Jain, who took over as Chairman and Managing Director in June 2024, is a BEL lifer with a technologist's pedigree.
