A **SOFT COASTAL BREEZE** brushed the trees as golfers gathered at the Tamil Nadu Golf Federation, exchanging quiet nods and early observations about the course. There was no rush, only the steady tempo of swings and conversations. *BT* Golf Chennai wasn't about flamboyance; it was about focus. Much like the city hosting it, the event carried an understated confidence—calm on the surface, formidable underneath.

The course, rich with history, demanded respect from the very first tee. Fairways, framed by gigantic trees, left little margin for error. The Double Peoria format ensured suspense lingered deep into the round, keeping even seasoned golfers guessing till the final stretch.
