

# POLICY PRIORITIES

Over the past decade, the size of the Union government's balance sheet has risen by more than 180% till 2025-26. In that period, the Prime Minister Narendra Modi-led central government has prioritised core infrastructure, housing, and essential amenities such as sanitation and drinking water. Meanwhile, state governments, whose total expenditure jumped 205% during FY15-25, have focused on education, social security, and public health. Here's some data
