

TRUMP PRESIDENCY

Trade, Tariffs, & Turmoil

Markets have been volatile since Donald Trump's victory in the US, reflecting uncertainty about how his aggressive trade stance will reshape global supply chains

► **WITHIN HOURS OF** being sworn in as the 47th President of the United States of America, Donald Trump issued a series of executive orders that sent shock waves across the globe. From aggressive trade tariffs to changes in immigration, energy, and climate policies, Trump's 'America First' agenda is unapologetically focused on boosting the US economy—often at the expense of its global partners.

Trump's message was unambiguous at the World Economic Forum in Davos, where he promised businesses operating within the US some of the lowest tax rates globally. But his warning was just as sharp. "If you don't make your product in America—which is your prerogative—then, very simply, you will have to pay a tariff. Differing
