

proach that creates an impact transcending the public display of wealth.

Jeet & Diva Visit Mitti Cafe

Ahead of their wedding, Jeet and Diva visited Mitti Cafe, an organisation that empowers individuals with disabilities through meaningful employment. This visit was particularly special for Jeet, who has been deeply involved in supporting people with disabilities for a long time. His connection with Mitti Cafe goes back to when he personally inaugurated the outlet, marking his commitment to their cause.

In a heartfelt gesture, he and Diva invited the Mitti Cafe team, including its founder, Alina Alam, to their wedding. The couple spent time inter-

acting with the employees, cutting a cake, and sharing warm conversations.

Mitti Cafe, which operates a chain of outlets across India, provides employment opportunities to adults with physical, mental, and psychiatric disabilities, particularly from economically-disadvantaged backgrounds. For Jeet, this visit was not just a reunion but a reaffirmation of his ongoing commitment to inclusion and dignity for persons with disabilities.

Jeet, Shark Tank Encourage Innovation for People with Disabilities Through Shark Tank, a popular reality show, Jeet is offering mentorship and support to aspiring entrepreneurs

with disabilities and business people who are working for people with disabilities.

In a special programme, titled, "Gateway to Shark Tank – Divyang Special", Jeet and the programme's host Anupam Mittal discussed the dire need for focused interventions in this domain. With an aim to encourage innovation in this field, entries were invited and pitches were shortlisted.

"There is potential to disrupt this space," said Jeet. "We need more passionate people to create solutions for problems faced by people with disabilities. I'm excited to partner and support entrepreneurs to help bring about this change, in whatever way possible."
