

THE LUME Melbourne

THE LUME Melbourne is quite unlike any other art gallery, as here you can engage in an immersive dining experience surrounded by art. Currently, it has an exhibition of Leonardo Da Vinci's works. You get to experience pages from his notebooks, machine inventions brought to life from his sketches, an exact 360-degree replica of the 'Mona Lisa', AI and VR technologies that bring his iconic works to life, and a digital experience spanning his incredible life story. But it is the Renaissance-themed dining experiences that are most memorable. These specially-ticketed events involve a three-course meal by a celebrity chef, surrounded by the iconic figures of Da Vinci's 'The Last Supper'. Insider tip: The next meal is on June 20 by Chef Johnny Di Franscesco, priced at AUD\$295 per person and can be booked online.
