

Entertainment in a new India has films, sports, fantasy games, music, and live events, among others

1,800 films across languages released last year, and a large chunk of that came from Bollywood and the South

Over 600 million people watched the Indian Premier League on streaming apps

A highly segmented audience and a plethora of options make entertainment a very challenging business

Digital and technology are likely to drive consumer preferences for a long time, along with high levels of disruption

It's Sho
