► **IN A MOVE** that will cover over 2.3 million employees, the Centre has announced a fresh pension scheme to quell concerns about the uncertainties of retirement incomes under the existing National Pension System or NPS, originally known as the New Pension Scheme.

The Union Cabinet, on August 24, approved the Unified Pension Scheme (UPS) that would provide an assured pension of 50% of the average basic salary drawn over the last 12 months before retirement, for employees with 25 years of service. A minimum monthly pension of
