

*"India to become top global auto manufacturing hub by 2027"*

*Hon'ble Minister Shri Nitin Gadkari*

*"We have started preparing district strategic plan and IIM Nagpur, is one of our partners in creating these district strategic plans so for the first time we have made district as a focus and we are actually assessing the strengths of the districts and hence all our schemes and our investment will be focus on the strategy which is chartered by these strategic plans. And I'm sure if we invest properly we'll create an ecosystem in all these districts so that businesses are attracted and new opportunity are created. The Nagpur Mumbai expressway has opened up doors for 40 districts to transform themselves."*

*Devendra Fadnavis, Hon'ble Deputy Chief Minister, Maharashtra*

*"The Zero Mile Samvad is thought-provoking and paves the way towards achieving our goals. Today, we have aligned the central idea of the goals given to us by our Hon'ble PM to make India a \$5 trillion economy by 2030. In the last nine years, we have seen the development of an AtmaNirbhar India, and the ongoing geopolitical situation has given us the opportunity to be at the forefront of the global supply chain ecosystem. Maharashtra, contributing around 15% to the national GDP, will be the gateway to India's trillion-dollar economy. Our focus will be on leveraging industries like EV, semiconductor, hardware manufacturing, green hydrogen and tourism."*

*Shri Dharmendra Pradhan, Hon'ble Minister of Education and Skill Development and Entrepreneurship*
