

MAXVITA FOODS

MAXING INDIA'S SNACKING HABITS!

A first-generation entrepreneur, Mr. Jijy Mathew started his career as a Junior Engineer. Moving to the Middle East in 1998 and working with the Food Processing and Packaging Machinery major, Ishida Europe Ltd. as a Technical Support Engineer is what got him into the industry. In 2005, he moved to T.N.A Australia Pvt Ltd, one of the best snack processing and packaging machinery manufacturers. He travelled extensively to UK, Japan, Australia, Turkey, Iran, and the Middle East gaining considerable exposure from leading companies like PepsiCo, Star Foods, Dina Foods, etc. through commissioning projects in the Snacks Food Processing Sector.

With 14 years of experience under his belt in the food processing industry and a vision in his mind, Mr. Mathew returned to India to start Maxvita Foods (India) Pvt. Ltd., with a manufacturing unit in Mysuru, Karnataka. Maxvita Foods emerged as a leader in the South India Market in just a few years. Maxvita Foods' relentless pursuit of top-notch quality ignited a transformation in the culinary landscape of the country. Maxvita Foods' vision was simple but profound. Company says, "We wanted to create snacks that tantalize taste buds and win the hearts of Consumers."

The resounding success of Maxvita Foods owes much to its astute marketing approach. The company invested in crafting a reputable brand identity through consistent

This is the outcome when the man who has been instrumental in the successful setting up of quite a few snack manufacturing factories across the Middle East decides to set new benchmarks in the Indian Snacks Industry. Today Maxvita Foods is making waves in the South Indian Snacks market with its quality products and customer-first approach.

communication and transparent business practices. By placing consumers at the heart of their operations, Maxvita Foods has won the unwavering loyalty of customers who swear by the exceptional taste and quality of snacks.

At the heart of Maxvita Foods' remarkable success lies an unyielding dedication to maintaining the highest quality standards. The company invested in human capital, bringing together experienced professionals and fresh talent in perfect harmony. This fusion of expertise and innovation enabled them to continually develop top-of-the-line products that captivate consumers. Adhering to stringent quality measures, with state-of-the-art machinery and dependable raw materials, Maxvita ensures efficient supply chain management, timely deliveries, and utmost customer satisfaction. Their devoted R&D team consistently churns out innovations, ensuring that the brand remains dynamic and relevant to diverse consumer preferences.

Mr. Mathew states, "If we commit to a product, we deliver. And that is the confidence we have built within our dealers, distributors, and consumers. During our journey, we faced tough times and good times, but we never compromised on the quality of our products or on our commitments to deliver on our promises. Our robust supply chain works round the clock, our fleets run in time to serve our customers. We never get complaints from the market that our product has not reached in time. We are ruthless perfectionists in this area."

Maxvita Foods has ambitious targets to expand its market presence through remarkable growth and the company plans to establish more cutting-edge manufacturing facilities in South India to accomplish these growth plans.

Maxvita Foods' journey is an ode to culinary innovation, inspiring others and changing paradigms in the snacking landscape. Maxvita Foods regularly garners accolades for innovation and quality. It was featured as one of the "Top 10 Food Processing Companies in

India" in 2023 by The Industry Outlook. Forbes India anointed it as an "Innovative Brand and Leader". Prime Insights identified it as one of the "20 most trustworthy companies to watch in 2023". Fortune India-Exchange named it among its "Trusted Brands and Leaders". Outlook Business called it out in its "Powerful Performers". Asianet Suvarna News crowned it with the "Mysuru Business Award".

Maxvita Foods (India) Pvt Ltd, surely is snacking on success.
