

Project Udaan: Giving wings to youth's dreams

Project Udaan is a learning-based initiative focused on the youth of the nation. As the name suggests, Udaan gives wings to the youth's dreams of achieving big in life. Udaan, an initiative of the Adani Foundation, was inspired by the

lifechanging story of Mr Gautam Adani, Chairman of the Adani Group. Mr Adani had visited the Kandla port in Gujarat when he was a kid. Looking at the expanse of the port, he dreamt of building a bigger port one day. The rest, as they say, is history.

The Adani Foundation, the social development arm of the Adani Group, organises exposure tours for school (9th to 12th standard) and college students (technical and non-technical) to visit and explore various facilities of the Adani Group. The objective
