

Ingenuity In Motion

India's partner in progress, driven by sustainability

- **3** Decades of Expertise
- **World's #1** LCL Consolidator
- Presence in **180 Countries**

As a global logistics company, we deliver excellence, backed by a digital-first approach. Driven by customer centricity and collaboration, we open infinite possibilities for your business.

With our strategic focus on ESG and a goal to be carbon neutral by 2040, we power your global supply chains with sustainability and resilience. Steadfast in our commitment to care for the environment, we fulfilled our promise of planting one million trees to contribute to green the earth's cover.

Our forward strides to make a positive impact continue, even as we transform to move your world with ingenuity.

Reach out, and you will experience the difference.
