

A pivotal innovator in the field of logistics-Mr. Khalid Khan, CMD-PPPL

Khalid Khan – “The Eternal Leader of the Hi-tech Logistics Industry”

“What’s in a name ? That which we call a rose by any other name would smell just as sweet.”

William Shakespeare uses this line in his play Romeo and Juliet to convey that the naming of things is irrelevant. But there are personae around us who strive to live up to their names and remain steadfast to achieve their goals and prove that it is not a truth for all to accept .

 **Mr. Khalid Khan**
CMD-PPPL

Mr. Khalid Khan revolutionized the logistics sector and gained a reputation as a trailblazer.

Paradeep Parivahan Pvt. Ltd (PPPL), founded in 2000, is one of the leading companies in the field of logistics. Mr. Khalid Khan, CMD-PPPL is a renowned figure in the sector. His innovative approach, adaptation to the new technology and keen interest towards the sustainability has radically improved the efficiency and brought transformative changes in the logistics sector. In addition to streamlining operations, his astute observations of cutting-edge technology and unwavering commitment to sustainability have elevated the standard for environmental responsibility in the logistics sector. In addition to his financial intelligence, he is a proponent of ethical behaviour and encourages his colleagues to include sustainability into their operations.

(The Beginning of journey towards establishing a successful company)

His humble journey began in Oman in 1982, while working for “Petroleum Development of Oman”, a government organisation that handled logistics. His expertise in logistics has also been recognised by the Sultanate of Oman.

Then, in 1987, he worked as a senior executive/logistics for a prestigious stevedoring business, M/s E.C.Bose & Co. Pvt Ltd., in Port Paradip. Motivated by a desire to succeed independently, Mr. Khalid Khan started working part-time as a transporter for Tata Steel. This gave him the exposure and experience he needed to apply for jobs that required a lot more abilities. Here, he jumped into the transportation of limestone from Paradip to Jamshedpur in 1993, and then emerged as a logistics provider at Tata Steel/Sukinda Works in 1996, and then intra-port transport provider to numerous exporters & importers at Port Paradip.

(Key Services and areas of the operation of the company)

Company PPPL, is situated in the paradeep port and is mainly an expert in logistics. It has been launched in ports as excavators, cargo handlers, service providers, and as importers and exporters of bulk cargo. The Company has introduced a number of its own equipments in Paradeep, like volvo v loaders. Hence since 2000, city's logistics capacity had increased at least

10 times. Company also introduced an updated mechanism in the port of Paradeep, by introducing the most up-to-date tools for greater productivity. With increased productivity, the importers and exporters were unquestionably benefited from cost savings.

When OSWAL Chemicals & Fertilizers Ltd first arrived in Paradeep Port, Mr. Khalid Khan wanted to develop the port as well as the local community. His firm presented (Oswal Chemicals & Fertilizers) a design and asked them to help in the land reclamation. Likewise, IOCL refinery project was also a big challenge to acquire 3000 acres of land reclamation we procured 11 million cubic meter sand from sea bed to low line area, however it was not such an easy task to locals as they all were against this project, but somehow with the help of Mr. M.A. Pathan (IOCL) and other government officials we got it gone, and now all are happy we have even given employment to the local's. Company assured them that the cost would be decreased and that they would bring the best international business. Instead of traditional method he adopted
