

Empowering Financial Inclusion

Banking Correspondent Sakhis

As a key component of the initiative, "Banking Correspondent Sakhis" are being deployed in all 58,000 gram panchayats across the state. These dedicated women, known as BC Sakhis, conduct door-to-door visits, creating essential links between customers and banks. Apart from earning commissions through facilitated transactions, female bank Sakhis receive a monthly payment of Rs. 6,000.

Pradhan Mantri Matru Vandana Yojana

The program extends financial assistance amounting to Rs. 6,000 for the well-being of both the mother and her child. The distribution occurs in phases, with Rs. 1,000 allocated in the initial phase, Rs. 2,000 in the second phase and an additional Rs. 2,000 in the third phase. The remaining Rs. 1,000 in financial aid is made available when the pregnant woman delivers her child in a hospital or is a beneficiary of the Janani Suraksha Yojana.
