

IPO BOOM CONTINUES

NOVEMBER IS SET to witness another initial public offering boom, with nearly ₹47,500 crore worth of public issues set to hit the market. After a record-breaking October that saw ₹39,542 crore being raised, led by Tata Capital (₹15,512 crore) and LG Electronics India (₹11,607 crore), the ongoing momentum shows no signs of slowing. Big-ticket offerings from ICICI Prudential AMC (₹9,000 crore), Billionbrains Garage Ventures (₹6,632 crore), Lenskart (₹7,278 crore), CleanMax Enviro Energy Solutions (₹5,200 crore), and Pine Labs (₹5,500 crore) headline the list, alongside PhysicsWallah, Prestige Hospitality, and Juniper Green.

LAKH CRORE

OF BUSINESS IS WHAT INDIA'S WEDDING SEASON IS EXPECTED TO GENERATE FROM 4.6 MILLION WEDDINGS BETWEEN NOVEMBER 1 AND DECEMBER 14, 2025, SAYS CAIT

LANDMARK SALES

THE RATE CUTS under the goods and services tax (GST) seem to have buoyed consumer demand, with recent data showing a pick up in sales in October despite some slowdown

in September figures. Passenger vehicle sales rose to a record high of 4,01,000 units in October. Retailers of consumer durables, jewellery and lifestyle goods have also reported high sales. A study by the Confederation of All India Traders revealed that total Diwali sales this year touched a record ₹6.05 lakh crore. GST revenues for October, that reflect sales in September, posted only a marginal growth but expectations are that the November data will be more robust.

IN BUDGET MODE

IT'S BACK TO number crunching and leafing through inputs at the finance ministry, which is in the midst of preparing for Union Budget 2026-27. Deliberations with ministries on their fund requirements are over. Revenue Secretary Arvind Shrivastava has also met industry chambers for their suggestions. Finance Minister Nirmala Sitharaman is meeting stakeholders for pre-Budget consultations. The focus of the Budget is likely to remain on ease of doing business and boosting growth. This time, the FM has three new secretaries on her team.
