

UPGRADE UNDERWAY

AIR INDIA SEEKING ₹10,000-crore funding from its owners Tata Sons and Singapore Airlines to continue the overhaul process after the June crash shows its continued struggle for revival. In FY25, Air India owners invested ₹9,558 crore, even as its net loss jumped 48% ₹10,859 crore in the last fiscal. The airline continues to face rough weather due to Pakistan airspace closure, supply chain issues delaying its revamp timeline and regular reported technical snag in its fleet impacting international schedule.

GROSS GST REVENUE COLLECTION IN THE FESTIVE MONTH OF OCTOBER 2025, UP 4.6% (YoY) FROM ₹1.87 LAKH CRORE IN OCTOBER 2024

CHANGE OF GUARD

CIPLA LIMITED HAS announced the appointment of Achin Gupta as its next Managing Director and Global Chief Executive Officer (MD & GCEO), effective April 1, 2026. He succeeds Umang Vohra, who has led the company since 2016. Currently serving as Global Chief Operating Officer, Gupta will take over as MD & GCEO designate from January 1, 2026. A former CEO of Cipla's One India business, he has driven growth in chronic therapies and expanded global partnerships. Chairman Dr. Y.K. Hamied lauded Vohra's decade-long leadership, while expressing confidence in Gupta's ability to steer Cipla into its next phase of growth and innovation.

PRECIOUS PAUSE

AFTER A STRONG multi-month rally, precious metals witnessed some cooling off, as profit-booking emerged at elevated levels. Gold prices declined nearly 8% on MCX till November 6 from its peak of ₹1.30 lakh per 10 gram hit on October 17, 2025, while silver slumped around 17% from its all-time high of ₹1.78 lakh per kg on October 14. Experts believe the US Fed's cautious tone and a US government shutdown have added to the volatility, even as festive demand in India and global supply tightness in silver continued to lend support in November.
