

Dr. Supriyo Mukherjee: The Global Sentinel Changing the Way We Think About Maritime Security

Dr. Supriyo Mukherjee, Ph.D., is a huge name in the dangerous fields of maritime security and international law enforcement. Dr. Mukherjee has been a leader in marine intelligence, counter-terrorism, and high-seas maritime security operations for more than 27 years. He is now a respected expert around the world who is pushing for new ideas, strategies, and resilience on the world's oceans.

He is currently the Director General of the Maritime Coast Guard Agency (RSM) and also holds important positions around the world as Country Head (L3) of the International Police Organisation and Maritime Ambassador to the International Maritime Organisation (IMO-UK), the International Seabed Authority (ISA – Jamaica), the Maritime Security Council (MSC – USA), and the International Civil Aviation Organisation (ICAO-Canada). These jobs put him at the centre of global

Dr. Supriyo Mukherjee

maritime governance and diplomatic strategy.

Dr. Mukherjee's history includes managing several high-risk rescue efforts, such as those involving pirate-held ships like M.V. Iceberg 1, M.V. Albedo, and S.Y. Ing. He was

able to save the crews and resolve complicated hostage situations. Marine crisis response uses his work on Kidnap & Ransom (K&R) negotiations as an example.

He has received many Master's degrees, MBAs, and Doctorates, along with over 100 certificates, including Certified Intelligence Analyst, Certified Anti-Terrorism Specialist, and Chartered Marine Technologist. His most popular books, including *Pirates at Sea*, *Marine Collisions*, and *The Ship Security Manual*, serve as important reference materials for maritime organisations and legal systems worldwide.

Dr. Mukherjee was given an award at the Nelson Mandela International Day Leadership Awards at the Lord Mayor's Office in Oxford, UK, in July 2025. Councillor Mike Rowley, the Lord Mayor of Oxford, presented his renowned award to Dr. Mukherjee.

He honours his unshakable commitment to maritime peace, protecting the environment, and working together for cross-border security. At the Famous Awards 2025 in Nagpur, Union Minister Shri Nitin Gadkari honoured Dr. Mukherjee, further enhancing his reputation. The event honoured him as a Global Icon in Marine Intelligence and Counter-Terrorism for his outstanding work, which demonstrated the significant impact he had on marine operations both in the United States and globally.

Dr. Supriyo Mukherjee remains a key figure in formulating international marine security strategies as maritime issues continue to escalate due to piracy, geopolitical instability, and climate change. His effort not only defends commercial channels but also protects lives and strengthens peace around the world. Dr. Mukherjee is a sentinel in every way, and he continues to lead the way in protecting the future of our seas.
