

Indian Bank – The MSME Growth Partner

MSME sector continues to be the cornerstone of India's economic growth, contributing substantially to employment generation, manufacturing output, and exports. In alignment with the Government of India's robust policy thrust on MSMEs, Indian Bank is playing a pivotal role evolving from a credit provider into a full-spectrum growth enabler.

At Indian Bank, we adopt a comprehensive and proactive approach to MSME development offering 15 digitally enabled structured sector-specific loan products with in-built assessment models, customised margins, collateral norms, and flexible repayment options. This ensures timely and appropriate credit delivery,

tailored to diverse industry requirements. Recognising the transformative power of technology, 70% of our MSME schemes are now available through our digital lending platform. We've transitioned from traditional asset-based lending to cash-flow-based credit models ideal for new-age businesses with scalable revenues.

Our new unified mobile app for MSMEs, IND SMART BIZ, offers an end-to-end digital experience including lending, payment solutions, and soon value-added services like wealth, tax, and insurance advisory will be added.

On the ground, Indian Bank has established 85 MSME Processing Centres (MAPCs), 10 specialised MSME branches, 10 startup cells across major hubs,

and government-sponsored scheme processing centres ensuring last-mile delivery of financial support.

To enhance enterprise capability, our flagship program MSME Prerana offers financial and managerial mentoring in 8 languages across 12 states, with special emphasis on women-led enterprises.

With strategic focus, product innovation, and digital empowerment, Indian Bank is deeply committed to building a Viksit Bharat—by making MSME growth a national priority and a shared success story.

Empowering India's Growth Engines: A Holistic Approach to MSME Banking

Predeep K,
 EVP & Country Head – Commercial Banking
 Federal Bank

India's Micro, Small & Medium Enterprises (MSMEs) are not just commercial entities — they are the heartbeat of our nation's economy, driving innovation, employment, and inclusive growth. At Federal Bank, we recognise their potential, their passion, and their perseverance. That's why our approach to MSME banking goes far beyond financing — it is about empowering possibility through a holistic ecosystem of support.

A 360° Approach to MSME Banking

1. Tailored Financial Solutions

Every business is unique — and so are its needs. Federal Bank offers a full suite of customised financial products including working capital, term loans, export finance and machinery credit, all designed to support industry-specific ambitions across sectors such as manufacturing, agri-processing and IT services.

Our Sweep+ and Trade Accounts offer unmatched flexibility — enabling MSMEs to earn interest on idle funds, access premium debit card benefits, and benefit from tailored trade and forex solutions. These are current accounts built not just for transactions, but for business transformation.

2. End-to-End Support

Our engagement with MSMEs is comprehensive. From advisory services that optimise supply chains to robust digital platforms for trade enablement, we offer tools that simplify, streamline, and strengthen everyday business operations.

3. Dedicated Relationship Managers

At the heart of our MSME strategy is the belief that relationships precede results. Our experienced Relationship Managers understand local markets, sector-specific

challenges, and growth trajectories — offering counsel that goes beyond credit and partnerships that stand the test of time.

4. Speed and Simplicity in Credit Delivery

We understand that in business, timing is everything. Our credit delivery is engineered for speed and simplicity — leveraging digital processes, real-time credit engines, and seamless documentation to ensure timely approvals. Our aim is simple: no delays, no detours — just decisive support when it's needed most.

Regional Resonance, National Reach

Federal Bank's strength lies in our ability to combine hyper-local insights with world-class banking solutions. Our approach blends agile fintech capabilities with deep-rooted expertise, ensuring MSMEs are equipped to thrive in competitive markets — both domestic and global.

As India's MSMEs power forward as the true engines of growth, we remain committed to being their most dependable ally — offering credit, counsel, and connectivity to help them rise, reshape, and realise their full potential.
