

INDIA INC'S 2047 VISION

"India's potential is limitless. In the years to come, young Indians will excel globally in every field of human endeavour, including sports. This is the collective dream of 1.4 billion Indian hearts"

NITA AMBANI

Founder and Chairperson, Reliance Foundation

"India is at the cusp of becoming the third-largest economy. When a country is economically strong, it holds a prominent position at the big table where other global leaders sit"

SUNIL BHARTI MITTAL

Founder & Chairman, Bharti Enterprises

"I believe India stands at a pivotal point in history. For our nation, more than others, this moment of flux can be a catalyst for accelerated progress. Today's Indians are confident, aspiring, and ambitious"

N. CHANDRASEKARAN, Chairman, Tata Sons

"As structural and political uncertainties diminish US dominance, alternative capital destinations are emerging. I believe India is well-positioned to emerge as one of the new centres of gravity. We are a stable democracy"

ANAND MAHINDRA

Chairman, Mahindra Group

"My vision for India in 2047 envisages a healthcare landscape that is both advanced and affordable. Not for the few, but for the masses. Not just for India, but for the globe"

KIRAN MAZUMDAR-SHAW

Chairperson, Biocon
