HUNT FOR GLACIERS IN GREENLAND

Greenland is one of the most untouched landscapes on the planet and getting up, close, and personal with the hundred-year-old glaciers floating off the mainland is not something you will forget in a hurry. On an 11-day Quark Expedition cruise, explore Greenland's remote northeast coast, home to the largest fjord system in the world, experience Greenlandic culture firsthand at Ittoqqortoormiit and visit ancient Thule sites steeped in history. Search for iconic Arctic wildlife, such as polar bears, muskoxen and seals, and hike the Tundra and visit an Inuit community. The Arctic has been inspiring explorers for centuries, join in!
