

Ryan Group of Schools: Building Future-Ready Leaders with Scalable Education Excellence

Madam Grace Pinto
Managing Director
Ryan Group of Institutions

In a landscape where India's long-term fundamentals remain strong amid short-term volatility, institutions that combine scale, resilience, and vision stand apart. In education, one such name is the Ryan Group of Schools, which has, over the past four-and-a-half decades, grown into one of the largest privately-owned K-12 school networks in the country.

Founded by Dr. A.F. Pinto, Chairman, and Madam Grace Pinto, Managing

Director, the Group has steadily expanded its footprint to 18 states and 40 cities, making quality education accessible to students across diverse geographies. With curricula spanning CISCE, CBSE, IB, ISC, IGCSE, and State Boards, Ryan has built a reputation for nurturing students who are confident, compassionate, and future-ready.

Much like India Inc.'s bellwether companies that feature in the BT500, Ryan has consistently demonstrated the ability to balance tradition with innovation. Guided by its motto, "Excellence in Education and All-Round Development," the Group blends academic rigor with co-curricular programs, sports, arts, technology, and values-based learning. Its pedagogy is designed to equip students with 21st-century skills—critical thinking, creativity, collaboration, communication, entrepreneurship, and leadership—essential for navigating a globalized, fast-changing economy.

Ryan has also pioneered platforms that mirror corporate India's push for global competitiveness: the International Theatre Festival, Indian Model United Nations, World Scholar's Cup, and Ryan TV. Its strong sports ecosystem and international collaborations for higher education ensure that Ryanites excel not just in India but also on global platforms. On the social impact front, the Group has embedded responsibility at its core—students lead environmental campaigns, relief work, and community initiatives. Ryan Schools even hold a Guinness World Record for the world's largest charitable donation drive, underscoring its commitment to nation-building.

Aligned with the National Education Policy (NEP) 2020, Ryan integrates technology, research-

driven pedagogy, and industry partnerships to groom learners not just for employability but also for entrepreneurship and innovation.

"With a strong belief in nurturing lifelong learners, we at Ryan Group are committed to hands-on, experiential education that develops 21st-century skills and fosters responsible global citizen leaders," says Madam Grace Pinto, MD, Ryan Group.

RECENT ACCOLADES:

- Most Reputed Brand in Maharashtra for K-12 Education – 8th Navbharat Education Summit
- Best Education Brands 2025 – ET NOW
- SDG School Award 2025 – CED Foundation (under NITI Aayog)
- World's Best School Prizes – Environmental Action 2024 – T4 Education
- Asia's Leading Brand 2024 – Global Brand & Leadership Conclave, London
- Times Education Icon Awards 2024
- Navabharat CSR Award for Child Education & Upliftment 2024

And the impact is best reflected in student journeys. As parents of Ansh Karnavar, Batch of 2025 share:

"Balancing academics and sports at the national level was a challenge, but the school's flexibility, support, and encouragement helped Ansh score 89.4% in his Grade 10 boards while excelling in table tennis. Ryan truly nurtured his potential on and off the field."

By combining scale, consistency, and future-focused pedagogy, Ryan Group of Schools continues to cement its position as a trusted education leader—much like the companies that define the BT500 list.
