AT A TIME when the world is in a flux, with looming geopolitical tensions, volatile stock markets, and slowing consumption, all threatening to affect established businesses, it is really a mammoth task to maintain profitability. The *BT India's Best CEOs* awards acknowledged just that—grit, gump-tion, and resilience.

Held in Mumbai on March 22, the event saw the best minds of India Inc being felicitated, while they discussed the guidelines of running a company successfully and the methods of recognising and meandering around potential challenges. Among those who attended were External Affairs Ministers S. Jaishankar, Union Minister Nitin Gadkari, Sebi chief Tuhin Kanta Pandey, business tycoon Kumar Mangalam Birla, and many more.
