SIPs IN THE AGE OF VOLATILITY

WILL INVESTORS STAY THE COURSE OR
WILL THIS VOLATILITY LEAD TO
A LONG-TERM SHIFT AWAY FROM SIPs?

BY TEENA JAIN KAUSHAL

ILLUSTRATION BY NILANJAN DAS

Since September 2024, the Nifty 50 has declined 14%, while small-cap and mid-cap indices have corrected 23% and 19%, respectively

Experts say market downturns are opportunities to accumulate more units due to lower prices

Multi-Asset Allocation and Balanced Advantage funds can help investors diversify portfolio in a volatile market
